Backend
ExpressJs, NodeJS, XML, jQuery, PHP

Databases
MySQL Database, MongoDB

Projects

Client Relationship Management

Live Demo: https://crm-client-relationship-managmement.vercel.app/
- Built a fully functional CRM system from scratch using React.js and Material UI
- Implemented authentication system using Context API and protected routes
- Integrated RESTful API (mocked with JSON Server) to support full CRUD operations for client data
- Designed responsive UI with MUI DataGrid, including search, pagination, and edit/delete actions

- Added form validation and error handling for robust user interaction
- Deployed frontend on Vercel and backend API on Render, connected using environment variables

Internship Website

Live: https://power2createbuildbyrishabhgupta.netlify.app/
- Developed and deployed a responsive website using HTML, CSS, JavaScript.
- Implemented animations, media queries to enhance user experience.
- Optimized performance and SEO for better accessibility and loading speed.

Portfolio Website (*ReactJS, Material UI, Tailwind CSS, Shadcn, React Router DOM, Formspree)*

Live: https://rishabh-portfolio-site-eta.vercel.app/
- Developed a multi-page personal portfolio using ReactJS, improving personal brand visibility and engagement.
- Designed and implemented a 100% responsive UI using Material UI, Tailwind CSS, and Shadcn.
- Created four key pages: Home, Projects, About, and Contact, enhancing user navigation.
- Integrated contact form with Formspree, enabling real-time email communication with visitors.
- Deployed on Netlify, achieving 95+ Lighthouse scores for performance, accessibility, and SEO.
